

REQUEST TO PARTICIPATE FORM EU/EDF-FUNDED SERVICE CONTRACT

Contract notice: EC-ENEST/IEV/2025/EA-RP/0012

Support to Ukraine in further alignment with the provisions of Chapter 27 of the EU Acquis on environment

Please supply one signed request to participate form (for each lot, if the tender procedure is divided into lots) via the electronic submission system (eSubmission)¹ available on the F&T Portal. Requests to participate submitted in any other way (e.g. e-mail, paper or by letter) will be disregarded.

Your request to participate form must include a signed declaration using the annexed format from each legal entity submitting the request to participate. **All data included in this request to participate form must concern only the legal entity or entities submitting the request to participate.**

Any additional documentation (brochures, letters etc.) sent with your request to participate form will not be taken into consideration. Requests to participate submitted by a **consortium** (i.e. either a permanent, legally-established grouping or a grouping set up informally for a specific tender procedure) must follow the instructions applicable to the consortium leader and its members.

Capacity-providing entities

An economic operator (i.e. candidate or tenderer) may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities, it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing, with the tender documents, a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality as the economic operator relying on them and must comply with the selection criteria for which the economic operator relies on them. **For the purpose of the present request to participate, the data for this third entity for the relevant selection criterion has to be included in a separate document.** Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.

3 ECONOMIC AND FINANCIAL CAPACITY⁴

Please complete the following table of financial data⁵ based on your closed annual accounts and your latest projections. If annual accounts are not yet available for the current year or the last year, please provide amounts based on appropriate statements from banks in the columns marked with **. Figures in all columns must be calculated on the same basis to allow a direct, year-on-year comparison to be made (or, if the basis has changed, please provide an explanation of the change as a footnote to the table). When the current ratio is set as selection criterion, for non-profit organisations the ratio has to be calculated without taking into account within the current liabilities the pre-financing received from donors for ongoing projects. Any other clarification or explanation which is judged necessary may also be provided. If the candidate is a public body, please provide equivalent information.

7 DECLARATIONS

As part of their requests to participate, each legal entity identified under point 1 of this request to participate form, including every consortium member, must submit a signed declaration using the attached format. The declaration may be in original or in copy. If copies are submitted, the originals must be sent to the contracting authority upon request.

Moreover, each legal entity identified under point 1 of this request to participate form, including every consortium member, and capacity-providing entities or subcontractor (if any) must submit a copy of signed declaration on honour on exclusion and selection criteria (form a14a available at the following link: [https://wikis.ec.europa.eu/display/ExactExternalWiki/Annexes#Annexes-AnnexesA\(Ch.2\):General](https://wikis.ec.europa.eu/display/ExactExternalWiki/Annexes#Annexes-AnnexesA(Ch.2):General)).

8 STATEMENT

I, the undersigned, being the authorised signatory of the above candidate (for a consortium, this includes all consortium members), hereby declare that we have examined the contract notice for the restricted tender procedure referred to above. If our request to participate is short-listed, we fully intend to submit a tender to provide the services requested in the tender dossier.

We understand that our tender may be rejected if we propose key or non-key experts who have been involved in preparing this project or employ or engage them as advisers in the preparation of our tender. We also understand that this may mean exclusion from other tender procedures and contracts funded by the EU/EDF.

We are fully aware that, for a consortium, the composition of the consortium cannot be changed in the course of the tender procedure, with the exception of the specific cases provided for in Section 2.5.5. of the PRAG, for which the prior written authorisation of the contracting authority is required.

We are also aware that the consortium members and entities upon whose capacity we rely with regard to economic and financial criteria have joint and several liability towards the contracting authority concerning participation in the above tender procedure and any contract awarded to us as a result of it.

We confirm that any key or non-key expert proposed in this tender procedure will either be employed or otherwise legally contracted, directly or indirectly, by the candidate (or, for a consortium, by a member of the consortium). Where any key or non-key experts proposed in this tender procedure will not be directly contracted or employed by the candidate (or, for a consortium, by a member of the consortium) but through a third party, the latter is a subcontractor. As such, the latter will be subject to all sub-contracting conditions applicable to this tender procedure, including eligibility and non-exclusion situation. We undertake to declare all such cases of sub-contracting in the Organisation & Methodology and in the Tender submission form.

Signed on behalf of the candidate
